Investigating Variables in Female Friendships

15 min(s) to complete

Sincere Gratitude

Experiment

Online

Kwantlen Polytechnic University

The purpose of this study is to examine different variables that may be involved in women's interpersonal relationships with other women. Participating in this study requires answering some questions about how you might respond to, and interact with, a fictional person. You will also be required to answer some questions about yourself and your own personality. This study will take approximately 15 minutes.
