

# Call For Participants

Would you like to know more  
about how you think?

30 min(s) to complete

An assessment report outlining  
your cognition on 8 different  
domains

Fun online assessment

Online

Cognassist

We all think and experience the world differently. Cognassist is refining a computer based cognitive assessment that helps us understand people's internal experience of the world. Our assessments are used to help guide support towards people who may struggle with particular cognitive tasks in their daily lives.

By participating you will complete a fun, 30 minute cognitive assessment that will help us calibrate our data processing tools.
