Can the Computer Recognise a Child's Face at Years Apart?

30 min(s) to complete

Sincere Gratitude

Experiment

Online

Liverpool John Moores University

Do you have around 10 or more images across the ages from 0-19 years old? Your childhood photographs could make a real contribution to academic research against child exploitation.

1.2 Million children are trafficked every year, the National Center for Missing & Exploited Children in the USA received a 432% increase in child sexual abuse images for purpose of identification between 2005 and 2009 (U.S. Department of Justice, 2010).
