How women perceived pregnant experiences whilst being employed

30 min(s) to complete

Sincere Gratitude

Interview

Online

University of Nottingham

The purpose of this study is to better understand the experience of pregnancy of working women in the workplace. Such as, how did the experience of pregnancy at the workplace feel like in the first trimester , This study is taking place mainly for educational purpose, for the researcher to fulfill the requirements for their master's degree and potentially offer insights (e.g. updated information about pregnancy at workplace) for future research in the field likes Occupational Psychology .
