Mental Health and Drug Use in the EDM Scene

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of West London

The study aims to help understand the prevalence of mental health issues and recreational drug use in the Electronic Dance Music (EDM) scene, and whether there is a link between the two. The purpose of the survey is to establish a cross-section of the prevalence of mental health issues and use of recreational drugs and alcohol at EDM events.
