

Call For Participants

Investigating the effects of endophenotypes on biological indicators.

30 min(s) to complete

Free sweets etc, insight into the process of research in the field of psychology, and our...

Experiment

White Swan Rd, Portsmouth PO1 2DT, UK

University of Portsmouth

Are you a student at the University of Portsmouth, Hampshire?

Megan Ward, a current MRes student needs participants (20-30) for a 30 min study on the effects of endophenotypic differences on specific biological indicators altered by certain emotional states.

Candidates will be asked to wear a heart monitor and complete a series of logical puzzles. Sputum samples will also need to be taken before starting the test, and in between each puzzle (three samples will be
