## The Hidden Experience of Black Collegiates.

45 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Adelphi University

I am recruiting people who identify as black and attend a predominately white institution. The purpose of this study is to provide awareness of the relationship between the experiences Black students endure on college campus and their thoughts and feelings of their racial identity. Additionally, the information gathered can inform how those experiences impact their mental health and adjustment to higher education settings.
