

Call For Participants

Investigation into Interface design

1 hour(s) to complete

University of Nottingham

Fun and creative study where you get to design an interface.

£10 Voucher

You will be asked to design and discuss ways in which you would like to communicate to a smart home application.

Other

This study investigates the interface design preference of different target groups and is part of a research project investigating the role of interface design in smart home heating control applications.

Nottingham, UK
