Participate in an online survey that will help find out about religiosity and identity of Buddhist teenagers growing up in the UK. The survey, available until 2015 to self-identifying Buddhists aged between 13 and 20, examines antecedents and nurture of Buddhist identity and the consequences of Buddhist religiosity for lifestyle, commitment and personality. Since previously, the Buddhist community of the UK has remained under-researched, in the future comparison between Buddhist identity and...
