We are looking for members of the public based in Sheffield to take part in a study to test methods to score a new questionnaire on health and quality of life. This study is a pilot before we move on to the full study.

The interviews will ask for respondent's opinions about different health and quality of life states. They will be asked to make a choice between living with less than full health and quality of life for a given period of time compared to living without any problems (full...
