

Call For Participants

£30 Gambling research: a
non-invasive brain stimulation
study

180 min(s) to complete

£30 Shopping voucher

Experiment

Stratford Campus, Water Ln,
London E15 4LZ, UK

University of East London

We need participants who occasionally or regularly gamble on any type of gambling activity.

Participants will receive £30 Amazon vouchers to compensate for their time.

The aim of this study is to investigate the effects of non-invasive brain stimulation in gambling-related cognitive mechanisms. This technique will be applied with the aim to modulate impulsivity and risk-taking behaviour with the ultimate goal to help
