

# Call For Participants

The role of self-compassion in  
caring for a person with  
dementia

20 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Teesside University

The study aim is to explore whether the tendency to treat ourselves with kindness (self-compassion) has an impact on the experience of being a carer. This is a student study that forms part of the requirement for a doctorate in Clinical Psychology at Teesside University, Middlesbrough.
