Iraqi Women Wellbeing and
the National Health Service
(NHS) in the UK

60 min(s) to complete

Sincere Gratitude

Interview

Hull, UK

University of Hull

This research focuses on the Iraqi women diaspora in Hull/UK and their families in terms of their health needs and the barriers they face to get a doctor's appointment. Barriers faced could be their lack of English language skills, cultural taboos such as being attended to by a male doctor or nurse, and difficulty of understanding the complex NHS corresponding. Focusing on issues of religion, gender and language, this research aims to unpack these barriers and suggest changes and...
