How people with schizotypal experiences attend to family communication

5 min(s) to complete

Shopping voucher- if invited to the next stage of the study

Online Questionnaire

Online

Nottingham Trent University

The study attempts to determine how individuals with spiritual beliefs attend to positive or critical remarks. The study initially involves the completion of a 5 minute survey, which allows us to determine who meets the studies criteria. Following this, those who do meet the criteria would be invited to Nottingham Trent University (City Campus) to complete an electroencephalogram (which measures brain activity). Those who attend these sessions, would be reimbursed with £10 in shopping...
