Risks and Benefits of Cloud Computing in Healthcare

60 min(s) to complete

Sincere Gratitude

Interview

Online

Northcentral University

The purpose of my study is to explore the perceptions of IT managers in the healthcare sector regarding the risks and benefits of securing and controlling data when using cloud-based systems in the healthcare setting. I am hereby seeking your consent to interview any IT managers between the ages of 18 and 65 years and that have been in the healthcare industry for at least 5 years. The interview session should take a maximum of 60 minutes, and privacy and confidentiality will be maintained.
