## Attitudes to Money and Electric Vehicle Adoption in London

15 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of East London

The biggest barriers to electric vehicle adoption are range anxiety, charging time and cost. Battery range and charging time are continuously being improved within the industry, however, the cost of an electric vehicles is still prohibitive for many.

This study explores whether cultural attitudes to money and finance may be a factor in EV adoption in London.
