## Male Attitudes about Daily Experiences, Emotions, and Relationships

20 min(s) to complete

Raffle to win one of three \$50 Amazon gift cards

Online Questionnaire

Online

Alliant International University

This study seeks to better understand how societal beliefs and expectations about manhood affect the way males experience their emotions. Participates will be asked to complete an approximately 20-minute anonymous survey about the following topics: how you manage societal expectations of manhood; how you make sense of and show emotions; how you handle distressing thoughts, feelings, and memories; and the degree to which your thoughts guide your actions.
