

Call For Participants

Investigating the effects of
personality on conditioned
inhibition

35 min(s) to complete

prize draw £25 cash

Experiment

East Dr, Nottingham NG7, UK

University of Nottingham

You are invited to take part in a study exploring the effect of personality traits , specifically measures of anxiety and impulsivity, on conditioned inhibition.

You will be required to complete 2 computer-based tasks, followed by 3 short personality questionnaires. The tasks involve viewing some negative images which may be upsetting.

The experiment lasts around 35 minutes in all. Participants will be entered into a prize
