Workplace Incivility vs Job Satisfaction - Moderating Role of Gender & Race

25 min(s) to complete

Prize draw £100 Amazon voucher

Online Questionnaire

Online

University of Leicester

This study will look at whether workplace incivility impacts job satisfaction and if gender and race influence your experiences at work. You will be taking part in a survey which will take you 25 minutes. There will be a short section at the beginning which will record your demographic information. The main part of the questionnaire will be asking you about your experiences at your current or most recent job.
