Interview

England, UK

University of Bristol

This research study is about the lived experiences of disabled women who, as survivors of domestic violence, have sought help from the justice system – that is, the police, the crown prosecution service and/or the court system – in England and the United States. I am especially interested in what adjustments or modifications were made by this system to accommodate the participant(s) and her disability (e.g. changes to standard policy, removing barriers, providing auxiliary aids) – if any....
