Exploring how international students experience the UK student visa system

45 min(s) to complete

Sincere Gratitude

Skype interview

Online

King's College London

This study aims to understand how international students in England experience the UK student visa system.

I am interviewing international students who applied for a Tier 4 visa between 2009 and 2017 and who have studied at a university specifically in England during that time. The interviews, which will take between 30-45 minutes, will be arranged via Skype at a time of your convenience.

All interviews will be kept completely
