40 min(s) to complete

£16 + entry into a prize draw to win 1 of 3 £25 Amazon vouchers

A face-to-face baseline session, followed by brief online questionnaires and phone...

Oxford OX2 6NW, UK

University of Oxford

Who are we?

We are the Oxford Centre for Emotions and Affective Neuroscience (OCEAN lab) led by Prof. Elaine Fox. We are situated at the Department of Experimental Psychology at the University of Oxford.

What do we do?

We explore the link between psychological flexibility and wellbeing in a healthy adult population. We want to understand how cognitive and affective flexibility is linked to our mental wellbeing.
