Reaction Time Measure of Action Understanding

45 min(s) to complete

Prize draw to win 2 x £50 Amazon
vouchers

Experiment

Online

King's College London

This online study involves 2 tasks, in which you have to determine whether a word phrase describes an image. Each task will take around 10 minutes. These are followed by a task in which you have to watch a series of scenarios and answer yes/no questions after each. You will then complete a series of questionnaires. The study should take 45 minutes to complete and you will be entered into a prize draw to win 2 x £50 Amazon vouchers on completion.
