

Call For Participants

Validity of Stimuli for the Revised Alcohol Expectancies Task

25 min(s) to complete

£4 cash

Identification Task and Short Questionnaire

Ormskirk L39 4PZ, UK

Edge Hill University

This study will last 20-30 mins and is simply designed to test the validity of the stimuli that we will be using in a future study. You will be asked to identify a range of alcoholic and non-alcoholic beverages that will be displayed on the screen (using the response button provided). You will also be asked to identify the emotion displayed in a series of pictorial displays. You simply have to give your honest opinion and will get £4 for your time.
