

Call For Participants

An investigation of the effect
of lifestyle on spatial learning
and memory

60 min(s) to complete

Cash £5

Experiment

Leeds, UK

University of Leeds

We need your help in our Final Year Project! We need female participants aged 30-50 for our study, which is investigating the effect of lifestyle on spatial learning and memory. Following a prescreen to ensure eligibility, participants will be required to come to the University of Leeds Psychology Department for approximately 1 hour to fill in a number of questionnaires, have body measurements & weight taken, and complete a spatial learning and memory task. Each participant will be given...
