Time Trekkers - Developing touch-screen games

50 min(s) to complete

Prize draw

Online Questionnaire

Online

King's College London

The Time Trekkers study involves your child playing fun, touch screen games on a smartphone or a tablet.

Its aim is to refine a series of touch-screen games that reliably measure social, cognitive and emotional processes in children between the ages of 6-11.

By taking part in the study you will enter a draw to win a tablet.
