The role of metacognition in effective leadership.

30 min(s) to complete

Sincere Gratitude

Experiment

Online

University of Dundee

The aim of the study is to gain a better understanding of the relationship between metacognitive insight and effective leadership. Metacognition is often defined as the ability to reflect on and evaluate our own knowledge, experience and behaviours. The study is online and is open to anyone over 18. It involves a personality questionnaire and a perceptual decision-making task, which will take approximately 30 minutes.
