Thoughts and Behaviour in
Ambiguous Social Situations

15 min(s) to complete

Prize Draw Entry £35

Online Questionnaire and Game

Online

University College London

Every day you decide how to behave around others. We are interested in how your expectations of others, and of how you might feel, affect the choices you make in ambiguous social situations.

To explore this, we have a questionnaire and a game for you to complete online.

By taking part you will also be able to enter our prize draw. Two lucky participants will receive £35 each.
