Elite athlete identity and the transitional experiences into retirement

15 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Liverpool John Moores University

The aim of this retrospective study is to identify some of the experiences involved in and how identity changed during retirement from elite sport in order to gain a better understanding. By enhancing knowledge on what makes a successful transition from elite sport, decision makers in sport will be more aware of what is required to support athletes in order to reduce negative experiences.
