

# Call For Participants

## Couple Communication Study

90 min(s) to complete

up to \$40

Online Questionnaire, Recorded  
Video, Mail-in Saliva Sample

Online

Colorado State University

We are currently recruiting couples in the United States who are at least 18-years-old and in committed relationships (living together or married) for a study to better understand the different ways that couples communicate with each other, and how that's related to health. In addition, if you have children, this research may include one of them (though you do not have to have children to participate in the study!)
