Online Questionnaire

Online

Capella University

This study is looking to see if growing up without a father impacts a woman's attachment style, self-esteem, and psychological well-being. Participants will be required to complete an online survey which will take 20-30 minutes. I am looking to recruit fatherless women ages 25-55. You will have an opportunity to provide your email address for a chance to win a \$50 Amazon gift card after the screening.
