

Call For Participants

Watching Videos for Machine Learning

3 hour(s) to complete

£40.00

Experiment

Sussex Innovation Center, 60
Science Park Square, Brighton
BN1 9SB, UK

Emteq

We are testing where best to place inertial sensors on a person in order to recognize what physical activities they are doing. Volunteers will do activities like walking, sitting watching videos on a sofa, or talking with a friend.

These activities are done as a pair so please bring a friend! We pay an additional £10.00 if you are able to come with another.

All volunteers will be paid £40 for their time.
