## Adapting the Selection of Learning Activity to Learner's Personality

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

PSC 560 Box 446, APO, AP 96376,  
United States

University of Aberdeen

Looking for lecturers, teachers and student-teacher (training to be a teacher). This survey will investigate the impact of personality traits and competency on learning activity selection. You will be shown six scenarios. In each scenario, you will be asked to select the next learning activity for that learner. Also, you will rate how much you think the selected activity is suited to the learner, and to what extent the selected activity would be enjoyable, would increase skills and confidence.
