viewer assessment on the Live
Closed Captioning.

50 min(s) to complete

Cash honorarium (\$30 CAD,
international participants will be
paid through Paypal)

Online Questionnaire and email
interview

Online

University of Toronto

We are trying to improve the quality of CC by reflecting subjective opinions of D/HoH audiences through a virtual user study (using Zoom). We are looking for D/HoH audiences who watch CC for TV and should be able to communicate in English or American Sign Language (ASL). In this study, the participants will be watching a set of short captioned video clips and will be asked to report subjective assessment ratings. Once the rating session is completed, a 10-min interview will be followed.
