An Exploration of Digital Native's Social Media Narrative for an Understand

15 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University College London

The study aims to explore the language digital natives use when communicating within their social media accounts. We are hoping to learn more about a number of facets of identity. In the long term, this study is part of a wider project that is aiming to develop a mobile phone application in the future to provide support to individuals who may have psychological challenges.
