

Call For Participants

Interoception and emotion in the brain

4 hour(s) to complete

£30 Cash

Experiment

Falmer, Brighton BN1 9RH, UK

Brighton and Sussex Medical School

We are inviting you to take part in this study which aims to investigate interoception and emotion processing.

You will be asked to undertake two, 2-hour sessions.

The first session will involve a series of questionnaires and computer tasks that examine interoception and emotion.

The second session is an MRI session that will involve you completing 3 computer tasks whilst in a scanner.

We will be looking at the function and structure of your brain during these tasks.
