

Call For Participants

What makes a great golf putt?

2 hour(s) to complete

Sincere Gratitude

Experiment

Loughborough, UK

Loughborough University

What makes a great putt? Take part in our study to gain novel insights on the psychophysiological determinants of golf putting performance! You will receive reports on a wide range of parameters, including your eye movements, brain activity, cardiac activity, putting kinematics, and performance while you putt golf balls to a target on a flat surface. Right-handed individuals of any golfing ability and experience (from recreational to expert) are welcome to participate.
