University of Limerick

The study is concerned with researching the lived experience of PhD students' with dyslexia in higher education. Research aims:

- (a) investigate the challenges dyslexic PhD students face in academia.
 - (b) examine the positive attributes the cohort contribute to in the field of study.
 - (c) to communicate a better understanding of PhD students' with dyslexia in academia.
- Ultimately, this research will be submitted for publication in relevant peer-reviewed research journals.
