Experience of yoga practice
for female survivors of child
sexual abuse

90 min(s) to complete

Cash- 10 pounds

Semi-structured interview

London, UK

University of East London

This proposed study seeks to explore the lived experiences of yoga practice for the female survivors of Childhood Sexual Abuse. Violence against women is a growing public health concern and a social justice issue. The aim of the project seeks to gain a deeper understanding of women's experiences of engaging in yoga practice and its relationship (both useful or detrimental) to their experiences of childhood sexual abuse.
