3 hour(s) to complete

Online Shopping voucher (£50 Amazon voucher) and £40 Photobox voucher for a personal photobook

Workshop and follow-up interview in Guildford area. All can be conducted remotely over...

Online

University of Surrey

The Next Generation Paper Project aims to connect paper to web by developing new paper technologies, revolutionising how books are read, and information is consumed. It will do this by developing new augmented paper technologies to connect paper to any digital media type (i.e. sound, video, imagery). The study's aim is to collect feedback on the user experience of creating augmented personalised photobooks with new paper technologies.
