

Call For Participants

Post-COVID19 persistent
fatigue (FALC)

5 hour(s) to complete

Cash - 50 pounds

Experiment

Denmark Hill, London, UK

King's College London

CONTROLS NEEDED: We are recruiting healthy women (30-50 years old) who had COVID19 at least 3 months ago and have not experienced persistent fatigue following infection. Data collected from controls will be matched with participants with Long-COVID in order to investigate the brain mechanisms underlying chronic fatigue post-COVID19 using MRI, blood measures and surveys.
