Are you currently feeling depressed/down  
and/or anxious?

We are looking for volunteers for a research  
study that aims to increase our knowledge  
about the effects of stress (which is  
important in many mental health problems),  
and how it can affect how people think and  
behave.

It will take place at the UCL Institute of  
Cognitive Neuroscience, 17 Queen Square,  
London. It is a two-part study (each part will  
be completed on different days).
