## Assessing the Cognitive Reserve

35 min(s) to complete

Free 15-week (fun) program to increase your Cognitive Reserve

Online Questionnaire

Online

Champlain College

At our Lab we are working on the concept of Cognitive Reserve, that is what predicts how well our brain will age. People with higher cognitive reserve age better, are happier and have a longer life expectancy. Up to now, there is no reliable easy to use way to assess the CR, and we built one that we are in the process of validating.
