Prototyping Workshop
(Evaluation and Design), Group
Work (pairs)

Kingston Ln, London, Uxbridge
UB8 3PH, UK

Brunel University

The Smart Money: precision data management for Central Bank issued Digital Currencies (CBiDCs) project will investigate the data management, governance and social utility challenges concerned with how UK central banks, government agencies, and citizens can make effective use of distributed ledger-enabled CBiDCs. In the Phase 2 study participants will be asked to attend a workshop, where they will take part in prototyping (evaluation and design) activity. Participants will work in pairs.
