Memory Test for Epilepsy Research

180 min(s) to complete

Snacks and Sincere Gratitude :)

Cognitive Testing

Wolfson Centre I C H,
Mecklenburgh Square, London
WC1N 2AP, UK

University College London

Want to Test Your Memory?
Interested in Helping with Epilepsy
Research?

We are recruiting volunteers for a control group that will be investigated alongside a group of people who have temporal lobe epilepsy.

This will involve a cognitive assessment with a focus on memory.

The session will take 2-3 hours, including breaks.

Snacks and refreshments provided.
