

Call For Participants

Development of a measure of
oral perception of hotness of
foods with chilli

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of Leeds

Participants who eat foods with chilli are needed for a study which aims to develop an objective method for measuring the perception of hotness of foods with chilli. As part of this research, an online study is being conducted to examine peoples' attitudes towards the consumption of foods with chilli.
