York Saint John University

We're aiming to recruit young people who travelled to school on a private bus/ coach (not on public transport) - where everyone on the bus was a pupil travelling to school. The aim of our study is to examine experiences of bullying on the school bus. Our survey will ask questions regarding your experiences of travelling to school on a school bus. In particular, we are interesting in hearing about your experiences of feeling safe, being bullied, or witnessing bullying while on the bus.
