University of Exeter

Thank you for your interest in our study. Our research is looking at 18-25-year-old university students' current mood and emotional wellbeing and how these are related to family relationships during childhood. Participation will involve filling in a questionnaire about different family factors during childhood and also current thoughts and feelings – this should take around 15-20 minutes. At the end, there will be the option to be entered for a £20 AMAZON GIFT CARD.
