Face Perception

40 min(s) to complete

£8

Experiment

School of Advanced Study University of London

This experiment will investigate the perception of facial characteristics. We will also record your heartbeat using ECG electrodes placed on your upper chest and lower back, so please avoid wearing one-piece items of clothing on the day of the experiment. This is a standard non-invasive procedure which is painless and completely safe.

Senate House University of
London, Malet St, London WC1E
7HU, United Kingdom
