Personality and problem solving

15 min(s) to complete

£5

Experiment

1 Vicar Ln, Sheffield S1, UK

University of Sheffield

This study investigates whether personality influences problem solving. Firstly, you will be asked to complete a short questionnaire and then will have the opportunity to attempt a 'Rubik's cube puzzle' and may watch a short clip. You will be asked a few questions before and after attempting the puzzle and after watching a short video before finishing the study.
